Why Use the Vendor Financing Calculator?

Branded for You, Powered by Prime Capital - Keep **your brand** front and center while offering a seamless financing experience. Prime Capital works in the background to handle the financing, while you maintain full customer engagement.

Capture & Convert More Leads - Every inquiry is a potential sale. This tool gathers key details from customers, **turning interest into action** without extra effort from your team.

Faster & Smarter Sales Process - Customers get instant clarity on their lease terms and monthly payments, **removing barriers to purchase** and shortening the sales cycle.

Always On, Always Working - No need to manually calculate estimates—**let the tool do the work** while you focus on closing deals.

How It Works

- 01** | **Customer fills out the form** - They enter their financing details and leasing needs.
- 02** | **They receive a free quote** - A customized breakdown of their leasing options is sent instantly.
- 03** | **You get notified** - Stay informed and follow up with warm leads, ready to move forward.

For financing over \$250,000 CAD, customers can contact Prime Capital directly for tailored solutions.
